Career objective

Enthusiastic and driven Computer Science & Engineering student with a deep passion for creative thinking and innovative problem-solving. Adept at exploring unconventional solutions to challenges, I thrive in dynamic environments where I can contribute fresh ideas and tackle problems head-on. Eager to secure a prominent role within a creative organization, I am committed to serving the company's goals while embracing opportunities for rapid growth and increasing responsibilities.

Education

- **Department of CSE** session
American International University Bangladesh 2020-2024
